

Community Garage Sale Weekend ***June 6 - 9, 2024***

Have you started thinking about spring cleaning and decluttering yet? If you want to be part of the community Garage Sale Weekend, send us your address and tell us which days and times you'll be open; we'll advertise in the local media and create downloadable maps showing all the locations.

We need a minimum of 10 participants to be able to call this a community event, so send us your details at dwca.media@gmail.com or via Facebook Messenger by June 2!

Check out our classes!

We are excited to be able to offer community interest classes once more at Dieppe School! Currently getting under way are youth and adult yoga sessions, kettlebell and kickboxing instruction, and art classes for adults and for young people. Check Facebook or our website for details (dieppeplace.org/programs).

Community Clean-Up ***June 15 - 16, 2024***

We are arranging for garbage disposal bins to be placed in the Dorothy/5 Ave parking lot in Dieppe on the weekend of June 15 - 16 to help us clean up for summer. Details regarding what will be accepted, and whether pick-ups can be arranged, will be available closer to the date - watch our Facebook page for announcements!

Summer Security Patrols

While Dieppe Place and Westerra continue to be among the safest places to live in Regina, we often see an increase in property theft and vandalism during the summer months. To help combat this, we will once again be contracting a private security firm to run mobile security patrols through both communities.

You can help us to sustain this initiative by becoming a member of the Community Association. Your \$10 membership runs from September to August, entitles your whole family to participate in events and activities throughout the year, and supports programs such as this. Contact Kim at 306-537-4914 for your membership today!

Menstrual Health Matters

The Family Health Lab at the University of Saskatchewan is conducting a research study focused on understanding and improving menstrual pain in youth.

To learn more about this study or participate, use the QR code below or visit:

<https://familyhealthlab.com/teenperiods>

You can also email us at: family.health.lab@usask.ca

We are seeking youth ages 10-13, who have not yet had their first period, and a parent/caregiver to participate in this important research!

Participation involves completing a series of online surveys.

Families will be compensated each time they complete a survey!

This study has been approved by the University of Saskatchewan Behavioural Research Ethics Board (BE# 2373).

City of Regina

Dieppe Place Community Association gratefully acknowledges the support of SaskLotteries and the City of Regina.
